# DRONES ARE COMING TO JOURNALISM

AND ... WIN  
A DRONE OF  
YOUR OWN!

JOIN ME TO BE AMONG THE FIRST TO FLY ONE

Unmanned aerial vehicles equipped with cameras aren't just for the military anymore. Thanks to new laws, they're coming to newsrooms, TV and film studios, and even your back yard.

Learn about new opportunities as well as the legal and ethical considerations of camera drones from Professor Dan Pacheco, the S.I. Newhouse school's Chair of Journalism Innovation.

As a bonus, get the opportunity to fly the A.R. Parrot 2.0 drone, and learn about our **upcoming contest to win a drone of your own.**

Dan Pacheco, Chair of Journalism Innovation

**Where:** Newhouse 3, room 432
